Broken Shield1-4-2 and the rest of the Elden Ring have been missing for a long time now, am I in any kind of danger?

ViviAlso long time no see on a PvM topic...does anybody know anything about the new characters in Valkyrie Profile?

Which ones have been added and which ones haven't?The advent gallery doesn't seem to have updated in a while.

Sorry for just asking a bunch of times in one thread... I should be doing that in a new topic with a new subject or something.

What's new:

There's no doubt about it: MMORPGs have been appearing in an era where more games are becoming more social for the purpose of extending their lifespans, and it's impossible to make a game with an element of action like the one just described. It's a brave thing to predict, but this is the very project that brought the game that everyone knows to the era in which we stand.

The game's release date will be announced at a later time.

We can't wait to play it too! It will be released on PS4 and Xbox One.
