This article is more than 4 years old This article is more than 4 years old A man stabbed in the stomach during a road rage incident in Brisbane has died, police say. The incident occurred just after midday on Saturday, when a 33-year-old passenger was stabbed in the abdomen by a car occupant while he

was travelling with a family in the shower lane of the M1 motorway in west Brisbane. Ambulance officers arrived and performed life-saving treatment on the man but he was transferred to the Princess Alexandra hospital for surgery, where he later died. Acting detective inspector Jason Banks said the 34-year-old male driver of the vehicle was spoken to by police but no charges were laid. The 32-year-old male driver of the stabbing vehicle was also spoken to by police but no charges were laid. "It's a tragic event," Banks said. "It's extremely unfortunate." Police have released footage of the crime on the M1 in west Brisbane. Inspector Steve Levey says the incident began when a vehicle overtook the victims at 100km/h. The driver then pulled up alongside the victims, almost striking them. The victims had finished their shower and turned around to move toward their car when they were attacked. The victims were hit with

their car but the driver of the car arrived at the scene and provided assistance to the victims. Inspector Levey said the incident had a “horrific” ending. “I’m absolutely devastated for this family. This family never wanted to know what happened to their family member,” he said. “They don’t want to know what happened and it will stay with them.” Officers have urged witnesses to call Crime Stoppers on 1800 333 000.
